SUVRODIP CHAKROBORTY

Contact: +918167266006

E-mail:suvrodipchakroborty01@gmail.com

Address: Basirhat, West Bengal

EDUCATION

COMPUTER SCIENCE & ENGINEERING
B.Tech(CSE)

JIS University   📅 2023 - 2026   📍 Agarpara,Kolkata

CGPA
7.74 / 10.0

COMPUTER SCIENCE & TECHNOLOGY
Diploma(CST)

ISWAR CHANDRA VIDYASAGAR POLYTECHNIC

📅 2020 - 2022   📍 Jhargram

CGPA
8.5 / 10.0

Higher Secondary

NAIHATI N.C.M. SHIKSHA NIKETAN (H.S.)

📅 2018 - 2020   📍 Basirhat

Percentage
98.6 / 100

SKILLS

Programming Language

Python   SQL   JAVA

Frontend

HTML   CSS   JavaScript   UI/UX

Backend

Django   MySQL

PROJECTS

Online Examination System

Technologies Used:
- Core Java for backend logic
- Java Swing for frontend UI
- JDBC for database connectivity
- MySQL for database management
- XAMPP server for hosting

Features:
- Student registration and login
- Admin login for administrative tasks
- Teacher functionality to create multiple-choice questions (MCQs)
- Students can take exams with a predefined duration
- Admin can enable or disable student access to exams

Desktop AI Assistant

Built with:
- Core Python programming language

Features:
- Voice interaction with the AI to obtain information
- Provides weather updates, location information, and current news
- Sending emails functionality
- Ability to send WhatsApp messages
- Object detection capability for identifying objects in images or live video streams
- Key feature: Provides recipes upon request

Emergency Blood Help

Technologies Used:
- HTML, CSS, JavaScript for frontend
- Django for backend etc.

Features:
- User login functionality
- Users can enter their location and blood group
- Finds nearest hospitals with the same blood group available and displays them immediately
- Provides the option to call the hospital directly
  Connects users with individuals nearby who have the same blood group and are interested in donating blood

TRAINING / COURSES

Python

Youtube, HackerRank

HTML, CSS, and Javascript for Web. Development

Youtube, Lets Upgrade, Codekaro.

Django

Youtube

Figma

Learn Tube

MySQL

Learn Tube, Google
